Cups on the go
**The complete
gourmet range.**

Enjoying coffee *everywhere you go.*

One of the biggest trends today is that we as consumers want to enjoy our food and drink more and more in a fast and convenient way – often on the go. We also want to pamper ourselves, but we do not have much time to spend. The popularity of take away gourmet coffee and beverages is a good example of this trend: giving oneself a little treat while on the go.

Coffee means more than just having a refreshing drink while socializing with family and friends. It defines a lifestyle. Nowadays it is easy for everyone to find ones favourite from an increasing variety of speciality coffees and drinks.

Gourmet beverages deserve a packaging of their worth! With attractive and functional cups you can add extra value to the premium experience. From Huhtamaki's wide range of cups it is easy to find the right packaging for all kinds of beverages.

“Insulation, the Huhtamaki way. Good insulation properties add convenience and safety for hot beverages consumed on the go. Huhtamaki's Cuppoccino double-wall cups have excellent insulation and a highly attractive outlook – all the elements needed to enhance the image of your beverage offering.”

Introducing *the complete range.*

Cuppoccino double-wall cups

Cuppoccino double-wall insulation hot cups – hot inside, cool outside. Thanks to insulating air gaps between two paperboard layers, the Cuppoccino cups let your customers hold and carry their hot drinks more comfortably than the traditional hot cups. The unique wavy embossing gives the cups an exciting and tempting touch and feel.

Coffee-to-go cups

A complete range of coffee-to-go heavyboard cups comes in beautiful standard design where every size has its own code colour – easy to operate, practical to use!

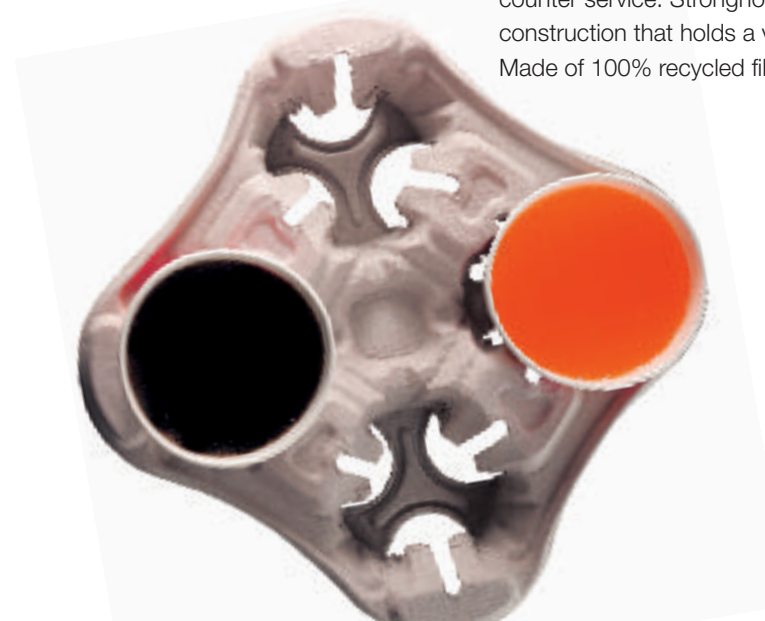

Sip-thru lids

The sip-thru lids are an essential part of the coffee-to-go experience. The design negates the need to remove the lid when drinking and the tightly fitting design reduces spillage and allows for easy and safe carrying.

Strongholder carry trays

Strongholder carry trays allow your customers to carry and transport their food and beverage more easily and more safely. At the same time the trays help you to sell more products, enabling faster counter service. Strongholder trays feature a patented T-Slot construction that holds a variety of cup sizes securely in place. Made of 100% recycled fibre.

Polarity tumblers

Polarity APET tumblers with excellent glass-like clarity and trendy shape are perfect for cold gourmet beverages like smoothies, iced and frozen drinks, juices and waters. With innovative domed lids and top quality 8 colour printing Polarity adds to the quality image of your brand.

Boost your image with branded cups.

All Huhtamaki gourmet beverage cups can be printed with your company's own design. Customized cups are ideal for brand building and launching new products: they enhance your image, display your coffee or corporate brand, remind of your location or web-site – the possibilities are endless! Customization attracts new customers, activates purchases by existing customers, resulting in growth of sales and turnover. Contact your local Huhtamaki representative for professional advice and help.

Food to go, as well.

From Huhtamaki's broad product range you can also find packaging for your take-away food offering. Our range includes products such as

- salad bowls with lids
- sandwich containers, wraps and bags
- trays and containers for complete meals
- cups and containers for ice cream and other desserts
- cutlery

All these products feature the same innovative top quality as our gourmet beverage cup range. Find out more about our full assortment from your local Huhtamaki representative or via www.huhtamaki.com.
